## COUNCIL COMMUNICATION

**AGENDA TITLE:** Adopt Resolution Authorizing the Purchase of Two CNG Heavy-Duty Trucks for Parks and Water/Wastewater Divisions (\$176,140) from Delta Truck Center, of Stockton; and Appropriate Funds for the Project

**MEETING DATE:** December 19, 2001

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** That the City Council adopt a resolution authorizing the purchase of two CNG heavy-duty trucks for the Parks and Water/Wastewater divisions from Delta Truck Center, of Stockton, in the amount of \$176,136.50 (includes delivery charges, but not California sales tax); and appropriate funds for the purchase in accordance with the recommendation below.

**BACKGROUND INFORMATION:** The City of Lodi was awarded two grants for the purchase of two Compressed Natural Gas (CNG) heavy-duty trucks. Based on interviews with the various City departments' fleet coordinators, it was determined that CNG trucks would best suit the Water/Wastewater Division and the Parks Division.

Because the San Joaquin Valley Air Pollution Control District must approve the engine type and truck manufacturer in order to qualify for the Heavy-Duty Emission Program, the City can only purchase approved trucks. These approved trucks are for sale only at Delta Truck Center. For this reason, we are recommending sole-source procurement.

The Water/Wastewater Division will purchase a 2002 Freightliner FL60 Dump/Service Truck and the Parks Division will purchase a 2002 FL60 Dump Truck. The City of Lodi will realize \$30,000.00 in savings for the General Equipment Replacement Fund by purchasing these CNG heavy-duty trucks.

**Funding:** Requested Appropriation: \$195,000.00 (includes purchase and delivery charges, emergency equipment, in-service costs, and tax)

CMAQ	\$ 120,000.00
Heavy Duty Emission Program	\$ 12,614.00
General Equipment Replacement Fund	\$ 29,696.00
Water Capital Fund	\$ 16,345.00
Wastewater Capital Fund	\$ 16,345.00
